FOURLINE GROUP

BOOTH 3100

Company Profile:

Our company was born in Vicenza in 1996, now we have more than 45 employees with individual tasks which make up the production chains. We look to our clients, wholesalers and big distributors, with a production completely developed in our factory, starting from design, the prototype, the gold melting, and step by step until the finishing and quality control. The know-how of the company is the result of many years of work, built day by day by many people and their experience, combined with the newest technologies. The traditional processing technique is defined as lost wax, nowadays we support machine and laser cutting and 3D prototype.

VERDI

BOOTH 2903

Company Profile:

For 2019, the lifestyle seen through a new collection made of a distinctly made in Italy. The new collection for 2019 is divided into two main sections: one will continue the coral and turquoise trend which is still much appreciated, and the other will be more classic and diamond-based, but always with a VERDI touch. Our jewels are thought and made for a modern, financially independent woman who still loves to feel emotions when she sees a beautiful piece, but who can also appreciate Italian high quality manufacturing. Since our jewelry is very exclusive, we usually don't go for quantity, but for quality, and so in the cities where we are present we don't have more than one, maximum two partners. Sometimes even one per country.

Materials:

Gold, precious stones diamonds.

Type Of Product:

NO private label

Brands: Verdi

Retail Price Range:

from 5,000 \$, average price 13,000 \$
